

AEOLUS

WRC
Why Re Cap
CHAMPIONS

Tom Ryan Cartage Limited

"With a fleet approaching 300 trucks in a variety of applications, tyre performance and price is very important. I have trialled many brands and have found Aeolus Tyres have exceeded my expectations, in terms of longevity and case strength. Aeolus prices make recapping an uneconomic and risky option. I am now saving 40% on my tyre bills. A combination of price and quality make Aeolus Tyres my only choice for my fleet."
